

# International Women's Day dB(A)) Portfolio Night

In honour of International Women's Day, the women of deciBel Architecture (W(of)dB(A)) warmly invite architecture students who identify as female to join us for our inaugural Portfolio review night.

This free event is open to 12 students who would like the opportunity to present, discuss and have their portfolio reviewed by the talented female team at dB(A).

We bring:

- Two hours of networking opportunities, portfolio review and feedback, interesting discussion and positive female led mentorship.
- One on one time with our talented female architects and design op specialists.
- Group discussion on issues important to you and to our industry.
- A studio tour of dB(A)
- Refreshments (of course) – we aren't savages.

You bring:

- Your portfolio
- Questions and opinions – this is a conversation, not a lecture and we value your input and feedback.
- Your insights into the Architecture industry in 2021 and your hopes for the future.
- A "Choose to Challenge" attitude.

**Places are limited and will book out quickly.**

## Event Details:

When: Thursday 11th March – 5-7pm

Where: Decibel Architecture – Pixel Building, L3, 205 Queensberry St, Carlton

Applications via email to [gemma@db-a.co](mailto:gemma@db-a.co)

**Applications close COB Tuesday 9th March.**

Applications must include the following:

- Your full name and contact phone number
- Name of your course provider and year you are completing
- One or two sentences about you. Max 80 words
- One or two sentences about why you would like to be part of this opportunity. Max 80 words.

We don't want this to be onerous – just want to make the most of this opportunity.

We look forward to welcoming you to our studio.
