

# Join the Team: Senior Architect

## You are...

- an expert documenter with 8+ years' experience;
- fluent in REVIT;
- looking to join a small(ish) practice, big on purpose and committed to sustainable design with legacy outcomes;
- looking to deepen your practice alongside a talented and dynamic team;
- ready for change.

## Decibel Architecture deliver exceptional outcomes, on purpose.

Our core values are knowledge, radicalism and play and we practice what we preach.

Our projects are broad based and widely varied, and include tall buildings locally and overseas, totally unexpected residential and hotel developments in Southeast Queensland, through to new suburb masterplans, cutting-edge high performance office buildings, sculptural retail icons, beach, city and rural houses, award winning garden pavilions, multi-residential and purely digital playgrounds. We build our teams in engaging multivalent ways and you will get to play on multiple projects, and to lead and learn while delivering exceptional outcomes.

## About the role

The role of the Senior Architect is to assist the Director and Associates in the production and delivery of our diverse and aspirational projects. This position will contribute to the vision and objectives of dB(A) and demonstrate a comprehensive understanding of project requirements, including the ability to convert the vision using REVIT into comprehensive packages.

## Key Responsibilities

- Assist the Project Team in the development and delivery of major projects of various scales
- Undertake production of projects in accordance with the brief
- Respond to project correspondence as required
- Ensure that project records are maintained to our ISO9001 practice standard

## About you

You have excellent documentation skills with a minimum of 8 years' experience working in the Architectural field, specifically using REVIT (we are cracking along in REVIT 2022 now). You are ready to deepen your practice within a smaller studio where you will wear many hats. This is no single lane highway. You are a storyteller, a people person and passionate about building a better world. You have excellent communication and listening skills and are interested in our work. You have great attention to detail and are ready to be challenged. And you respect a workplace that respects you.

## You will be able to demonstrate:

- A minimum of 8+ years' experience (or equivalent) documenting in REVIT on various scale architectural projects
- Exceptional written and verbal communication, and listening skills
- Strong understanding of architectural documentation process and technical capabilities
- Clear and current knowledge of relevant codes, standards and exceptional solutions therein
- Ability to work and collaborate on projects as part of a team
- Keen eye for design, presentation and a hunger for knowledge
- Rhino modelling experience would be an advantage and understanding Grasshopper and Dynamo will always generate some interesting pathways.

We need to know why you want to be here, and why we should want you to be here, so tell us!

## Benefits we offer

- Paid Parental Leave Program
- Individualised employee training programmes and career progression
- Flexible working conditions based on mutual respect and responsibility
- A brilliant team and corporate culture that is supportive, collegiate and committed to building a better world.
- The occasional hot air balloon ride to reset your perspective.

**How to apply**

We welcome your CV and portfolio via [work@db-a.co](mailto:work@db-a.co). Applications will be treated in the strictest confidence. All personal data collected by the Company will be kept confidential and only used for recruitment purposes.

**Mandatory requirement**

It is an essential requirement that at the time of applying for this position applicants must have the legal right to work in Australia (an Australian citizen, Permanent Resident, or with appropriate Visa Status to work).

*In the spirit of reconciliation, Decibel Architecture acknowledges the Traditional Custodians of the land upon which we work and gather. We recognise and celebrate their continued connection to the land, water, communities and stories of this beautiful place and pay our respects to their Elders, past, present and emerging.*
